ALI AKASHI

Data Analyst

Sharjah, UAE • ali.akashi101@gmail.com • +971 50 872 6975 • LinkedIn • UAE Golden Visa Holder

SUMMARY

Aspiring Data Analyst with hands-on experience in machine learning for NLP tasks, e-commerce platform operations, and interactive dashboard development. Skilled in Python, SQL, and Tableau, with a track record of turning complex data into actionable insights that streamline workflows and support decision-making. UAE Golden Visa holder, dedicated to solving real-world problems through data-driven solutions.

EXPERIENCE

Taif Tec May 2025 – Sept 2025

IT Intern — Dukany E-commerce Platform

- Managed product listings and content organization on the Dukany e-commerce platform, improving catalog accuracy and consistency.
- Built Python-based log-analysis tools that converted raw system data into performance metrics, helping optimize internal workflows.
- Combined technical development with digital commerce operations, strengthening cross-functional collaboration between IT and product teams.

Ajman University Ajman, UAE

Machine Learning & Data Analytics Project *2023 – 2024*

- Developed a sentiment analysis model using deep learning techniques on customer reviews.
- Used Python, TensorFlow, and NLP libraries for data preprocessing and model building.
- Achieved 95% accuracy in sentiment prediction, evaluated using Precision, Recall, and F1-score.
- Gained hands-on experience across the end-to-end machine learning workflow.

Ajman University Ajman, UAE

Data Visualization & Analytics Project *2023 – 2024*

- Built an interactive dashboard using Tableau to visualize complex datasets.
- Designed dynamic charts and diagrams to surface actionable insights into key trends.
- Implemented filters and interactive elements to enhance user exploration of the data.
- Demonstrated strong data storytelling through clear, impactful visualizations.

EDUCATION

Ajman University Ajman, UAE

Bachelor of Data Analytics *2021 – 2025*

CERTIFICATIONS

- Introduction to Deep Learning & Neural Networks with Keras, 2024 – 2025
- Advanced Relational Database and SQL, 2024 – 2025
- Real-Time Analytics with Spark: User Activity Monitoring, 2024 – 2025

ADDITIONAL INFORMATION

Technical Skills: Python, SQL, Machine Learning, NLP, Data Visualization (Tableau), Dashboard Creation, Data Management, Statistical Modeling, Log Analysis, E-commerce Platform Management

Soft Skills: Data Storytelling, Critical Thinking, Collaboration, Cross-Functional Teamwork

Languages: Arabic (Native), English (Fluent)

Visa Status: UAE Golden Visa Holder
